## OFFICIAL

### **TEC's Military Geography Intranet Site**

Currently, the Topographic Research Division is sponsoring a "Military Geography" class at TEC for its researchers. The class is a non-credit, slightly shortened version of Hank Dillon's "Military Geography" class at George Mason University (GMU). While the class currently is full and underway, it will likely be offered again in the future.

In the meantime, there is a "Military Geography" website on TEC's intranet that contains information about the class, a syllabus, schedule, notes, handouts, and links to other sites with information on military geography books, professional military reading, and Hank Dillon's military geography site at GMU. It will be expanded in the future and suggestions are welcome.

## **Commander's Mailbox**

ERDC team members are reminded that an electronic mailbox has been established to allow employees to send questions and/or comments to the Commander. If an employee wishes to remain anonymous, his or her name will be deleted from the question before it is forwarded to the Commander for comment. Employees' questions will be answered via return e-mail. Answers to anonymous and frequently asked questions will be posted in the Employee Information Bulletin.

The address in Outlook is, "ERDC Commander." Again, all information is kept strictly confidential and all questions are addressed directly by the Commander.
